Continuation of 2. NOTE:

The amendment presents new combinations of claim limitations that were not previously considered, and as such the amendment would present new issues that would require further search and/or consideration. In particular, independent claim 16 as amended requires the limitation of cancelled claim 11, it being noted claim 11 was previously dependent from claim 1 not claim 16, and this combination of claim limitations was not previously considered. Additionally, claim 17 as amended depends from claim 1 whereas previously claim 17 was an independent claim, and this combination of claim limitations was not previously considered.
